

November 17, 1998

MEMORANDUM TO: Distribution

FROM: Michael J. Rubino, Associate Director
Acquisition Services Branch

SUBJECT: Policy Memorandum No. 98-015 – Revisions to
FDIC Procurement Credit Card Program

1. Purpose. The purpose of this Policy Memorandum is to modify the Acquisition Policy Manual (APM), Section 9.E., *FDIC Procurement Credit Card Program*.

References. APM 9.E., *FDIC Procurement Credit Card Program*.

2. Scope. This Policy Memorandum is applicable to all Credit Card Program participants.
3. Background. There have been numerous changes to the FDIC Procurement Credit Card Program in the past few months. FDIC participates in the General Services Administration (GSA) Government-Wide Credit Card Program. FDIC has now determined, through the solicitation process, to award a task order to NationsBank, to provide services to FDIC. This is a change from the Rocky Mountain Bank Card System, the previous provider. In addition, there are other changes since the APM was issued. This task order is effective on November 30, 1998. Inasmuch as Revision One of the APM will not be issued as of the effective date of this change, this Policy Memorandum is issued until Revision One becomes effective.
4. APM Change. Therefore, in accordance with the foregoing, APM, 9.E., *FDIC Procurement Credit Card Program*, is deleted in its entirety and is replaced by the attached APM, 9.E.
5. Effective Date. The provisions of this Policy Memorandum are effective on November 30, 1998.
6. Contact. If you have any questions, please contact David K. McDermott at (202) 942-3434.
